VOICE OF THE EDITOR

Welcome back dear readers. After a long interval, **VIEWPOINT**, our in-house college magazine is back again to communicate the positive developments that have taken place in the BCRCP campus. The success

graph of our institute has increased its reputation as the topmost institute of Pharmaceutical Technology in West Bengal.

In a world abuzz with the jarring noises of violence and disturbance, it is difficult to concentrate on creative enterprises. But only constructive creativity and critical re-evaluation can challenge and change the future for better. This issue of **VIEWPOINT** sparkles with brilliant contributions of our students and faculty members, much of which are concerned with burning social issues. Let us read them for their aesthetic as well as didactic values.

I would like to end by paying tribute to the recently departed great educationist, scientist and former President of India, Dr. A. P. J. Abdul Kalam. Born into a fisherman family, his steady rise to prominence bears witness to the power of determination, dedication and hard work. This life-long worshipper of knowledge, incidentally, breathed his last in a temple of learning. This issue of **VIEWPOINT** is dedicated to the fond memory of this inspirational man. May God rest his soul in peace. With these words, I bid you adieu.

Happy Reading.....
